

AXIS® Soil Amender

Product Description

Create an ideal soil structure for all your plants with Axis soil amender, available exclusively from Veratec. Easy to use, Axis makes a permanent improvement in the soil structure, helping to create an ideal balance of air and moisture for healthy roots and vigorous growth.

Product Features

Core Benefits

- Use only once – won't break down over time.
- Mixes easily with all soil
- Pest-free, chemical-free, all-natural additive.
- Absorbs up to 142% of its weight in water & releases it as the soil needs it.

Components

- Granular diatomaceous earth product.

Product Guidelines

Usage and Applications

- Suited to residential and commercial applications
- Indoor and outdoor plants
- Flower and Planter beds
- Potted plants and hanging baskets of all types
- Herb gardens
- Perennials and Annuals
- Trees and shrubs
- Lawns
- Golf courses

Installation Tips and Recommendations

- Work Axis into soil by rototilling, or by turning it with a shovel or small spade.
- Add 1 part of Axis to every 9 parts soil. One bag will amend approximately 100 square feet of flower beds.
- Not intended for straight planting—mix with existing soil for best results
