

VEGETABLEblend Premium Growing Media

Product Description

VEGETABLEblend is our premium-quality soil. Developed to meet the demand for a balanced, nutrient rich soil for use in food production, VEGETABLEblend promotes balanced and healthy growth in vegetable and herb gardens.

VEGETABLEblend is the perfect solution for growers looking for a local, sustainable soil for home vegetable gardens and community gardens. It can also be used in traditional planter applications for flowers and shrubs.

Product Features

Core Benefits

- Safe for use in food production
- Ideal for urban agriculture
- High levels of available nutrients
- Optimized blend for veggie and herb gardens for balanced, healthy growth
- Outstanding, unmatched quality
